

# virtual think tank (VTT)

Prof. Ruizan Mekvabidze  
Gori State Teaching University  
Gori  
Georgia  
October 2014

# What is VTT?

1. **To build for a more sustainable community**
2. To Introduce yourself one by one
3. To Introduce Divergent Thinking
4. Discussing ways you can solve the issues
5. Cutting down to one solution to implement the solutions that universities and communities can both feasibly implement through collaboration

# What is VTT?

6. The service would offer all a virtual think tank would need: intranet, internet, digital communications strategies, etc.;
7. A think tank might be going in direction that members would be expected to present clear ideas of what they propose to do and how they may take advantage of the support that the hub could provide.

# What is VTT?

8. An important way for knowledge creation for the modern higher educational reforms and internationalization of education through change, management and collaboration

And

**The Best place to lunch a startup!**

# Model for supporting VTT

Think nets are much better at simultaneously accessing and managing a number of policy spaces as good in rallying around a single issue and mobilizing as a unit

# Discussion topic for VTT

The main aspects for knowledge creation in the frame of the modern higher educational reforms and internationalization of education through change and management is

Best place to lunch a startup

# Discussion tasks

- **Higher Educational Reforms: a Thoughtful Approaches to the Modern University-Management problems to the modern university;**
- **A Basic educational problem of organizing of HE management under changes in the frame of the HE reforms: Finding a trend of policy to labor market;**
- **Higher Education and Society: Changing and management - Dialogue together with the strategy partners outside country**
