

Tempus

Leading and Managing Change in Higher Education (La MANCHE)

TEMPUS IV Programme

**NATIONAL CONFERENCE IN ARMENIA
National Polytechnic University of Armenia**

19th June 2015, Yerevan

Presentation outline

- La MANCHE project rationale
- Work methods and transnational cooperation
- Project key objectives and results achieved
- La MANCHE Virtual Think Tank
- La MANCHE Strategy

La MANCHE project rationale

- Main higher education issues addressed by the project
- Project priority and scope of intervention
- Main project themes

Work methods and transnational cooperation

- Research and analysis of higher education trends and developments across the five Partner Countries
- Capacity building and trainings in leadership and change management
- Transfer of innovation in the fields of educational leadership and management from the EU HEIs to the Partner Countries HEIs
- Transnational peer learning in the area of university governance

Tempus

La MANCHE project overall objective

To promote the modernisation of Partner Countries' higher education systems by:

- building governance and management capacities at Partner Countries HEIs,
- empowering students to become more actively involved in decision making at HEIs and
- **initiating sustainable dialogue on higher education institutional reforms among relevant interest groups.**

Transnational dialogue with stakeholders in higher education

Formation of six Transnational Themed Working Groups with:

- representatives of HEIs outside La MANCHE
- student organisations
- policymakers
- business representatives
- civil society
- advocates for gender equality in higher education.

Tempus

La MANCHE Virtual Think Tank

- unifies the expertise of a wide range of various stakeholders in higher education across the ten La MANCHE countries
- initiates and encourages sustainable dialogue on higher education reforms
- provides an online platform for consultation, networking, peer learning and exchange of good practices in the field of university governance

19th June 2015, Yerevan

Christina Armutlieva, VUM, Bulgaria

Strategy for Leading and Managing Change in Higher Education (La MANCHE Strategy)

- elaborated with the input of various stakeholders in higher education across the ten La MANCHE countries
- a strategic plan for embedding and implementing reforms on institutional level, building stakeholder support for reforms, and managing change.

Tempus

“Leadership is unlocking people’s potential to become better.” Bill Bradley

La MANCHE is unlocking institutions’ potential to become better.
