

Knowledge-Sharing Session at Tbilisi State University

Following the training session organized in January 17th, 2014 a knowledge sharing meeting was organized between TEMPUS IV La MANCHE project team at TSU and the top and middle management representatives of the University. During the sessions, the presentation was made on the La MANCHE project deliverables and progress made after one year the project started operating.

During the first section of the meeting, Tea Gergedava and Ekaterine Basilaia gave presentations on the External Assessment Report (EAR) based on Auditing and self Assessment Tool implemented at each partner university. The EAR document invoked the discussion among the members of the session, who finally agreed to have an informal meeting to share their viewpoints on different models of management skills and practices at Higher Education Institutions in partner countries.

The second part of the meeting the report prepared in the framework of La MANCHE project *Internationalization as a Tool for Development: A Case Study of Ivane Javakhishvili Tbilisi State University* was presented to the audience.

The chancellor of the university initiated a productive discussion during the presentation on corporate social responsibility of higher education institutions. Participants of knowledge-sharing sessions.
